LAPFUND IS PROUD TO
SPONSOR THE

11TH ISK AFRICA REGIONAL CONFERENCE AND WISK SUMMIT 2026

ABOUT US

LAPFUND is a retirement benefits scheme established in 1960 under CAP 272, Laws of Kenya. A defined contribution retirement scheme regulated by the Retirement Benefits Authority (RBA).

As a trusted partner in secure savings and retirement solutions for over 60 years, we are excited to champion impactful conversations, innovation, and collaboration.

PRODUCTS

LAPFUND provides secure, flexible, and high-yield retirement products which include:

- Occupational Contributions
- Individual Pension Plan (IPP)
- LAPFUND Amal
- Gratuity Management
- Additional Voluntary Contributions
- NSSF Tier II Management

Join LAPFUND today to secure your retirement and financial stability.

Thursday, 29th October 2026

8:00 - 9:00 am	Arrival and Registration, 29th October, 2026
9:00 - 10:30 am	Plenary Session I: Official Opening Ceremony
9:00 – 9:10 am	Preliminaries: Mr. Peter Kibet Arap Biwott, CEO, ISK • Prayer • National Anthem and East Africa Community Anthem
	Moderator: Mr. Ayub Naburi - Chairperson, Education & Research Committee, ISK Rapporteur: Eric Mithamo, Secretary, Land Surveyors Chapter
9:10- 9:15 am	Host Branch Remarks: Mr. Joseph Mutua , Chairperson, South Rift Branch, ISK
9:15- 9:20 am	Welcome Remarks: Ms. Nelly Mbugua – Deputy President, ISK
9:20- 9:30 am	Opening Remarks: Mr. Eric Nyadimo - President, ISK
	Remarks: Robert Wafula, President, Institution of Surveyors of Uganda
9:30 – 9:50 am	Keynote Speaker 1: Mr. Willie Njoroge , Chief Executive Officer, Kenya Association of Stockbrokers and Investment Banks
9:50 – 10:00 am	Keynote Speaker 2: Dr. Abdillahi Saggaf Alawy , Chairperson, National Land Commission (NLC)
10:00 – 10:30 am	Chief Guest: Bishop Dr. David Oginde - Chairperson of the Ethics and Anti-Corruption Commission (EACC)
10:30 - 11:10 am	Health Break: Exhibition Tour, Group Photo & Press Conference

Thursday, 29th October 2026

11:10 - 11:15 am	Plenary Session II Moderator: Caroline Wachiuri, Secretary, Engineering Surveyors Chapter Rapporteur: Nicholas Ongwae, Chair, Western Branch
11:15 - 11:40 am	Topic: Waterfront and coastal property markets: due diligence, agency, management and climate-risk disclosure (VEMS) Speaker I: Mr. Mashilo Pitjeng, Managing Director, Academy Construction and Real Estate, South Africa
11:40 - 12:10 pm	Topic: Sustainable urban development: towards smart cities and resilient urban development models Speaker II: Dr.-Ing. Nashon Adero, Dean – School of Mines & Engineering, Taita Taveta University (TTU), Kenya
12:10 - 12:40 pm	Topic: Mental health for wealth management and growth among landed professionals Speaker III: Dr. Emma Karari, Consultant Physician, Cardiologist & Soul Health Coach
12:40 - 1:00 pm	Question and Answer Session
1:00 – 1:20 pm	Sponsors Presentation Rights
1:20 - 2:20 pm	Lunch break
2:20 – 4:00 pm	Parallel Break-Out Sessions I Sub Theme: Geospatial Innovation for Sustainable Development: Advancing Blue Economy Infrastructure and Digital Integration of the Built Environment Moderator: Solomon Gitau, Chair, GIS Chapter Rapporteur: Dennis Malembeka, Secretary, Coast Branch
2:20 - 2:50 pm	Topic: Surveying ports, harbours, shipping corridors and offshore infrastructure Speaker: Dr. Malachi O. Atieno, Lecturer, Technical University of Kenya

Thursday, 29th October 2026

2:50 - 3:30 pm	Topic: Digital Twins, Building Information Management (BIM) and GIS from design through operation Panel Speakers: 1. Kenneth Mutwiri, MISK - Engineering Surveyor, OGLE Construction Limited 2. Brian Babu, Registered Architect and Licensed Drone Pilot, ARQI Solutions Studios
3:30 – 4:00 pm	Question and Answer Session
2:20 – 4:00 pm	Parallel Break-Out Sessions II Sub Theme: Enhancing Real Estate Investment and Asset Sustainability: Valuation Transparency, Building Risk Management and Whole-Life Value Moderator: Nicholas Mbugua, Chair, Valuation Chapter Rapporteur: Jamlax M. Barasa, Secretary, Western Branch
2:20 - 2:50 pm	Topic: Valuation for REITs: Building Investor Confidence, Transparency and Sustainable Investment. Speaker: Ruth Okal, Assistant General Manager of ILAM Fahari I-REIT at ICEA LION Asset Management Ltd
2:50 - 3:30 pm	Topic: Building defects, maintenance, insurance risk and whole-life value Panel Speakers: 1. Paul Datche, Principal Consultant, Geotechnica Africa Ltd. 2. Dr. Maurice Okeyo, Manager, Monitoring and Evaluation, KenGen
3:30-4:00 pm	Question and Answer Session
2:20 – 4:00 pm	Parallel Break-Out Sessions III Sub Theme: Transforming Land Administration for Sustainable Development: Secure Tenure, Affordable Housing, Agricultural Land Management and Food Security Moderator: Janet Aluoch Orego, Chair, LAMS Chapter Rapporteur: Leonard Wamalwa, Sect., South Rift Branch

Thursday, 29th October 2026

2:20 - 2:50 pm	Topic: Regularization of Informal Settlements and Slum Upgrading Focus: Issuance of title deeds and secure tenure as a catalyst for housing investment under Affordable Housing Program (AHP) Speaker: Ms. Agatha Wanyonyi - Land Administration Officer, Ministry of Lands, Public Works, Housing & Urban Development
2:50 - 3:30 pm	Topic: Addressing Land Use Conflicts in Agricultural Zones Focus: Conversion of agricultural land, fragmentation, and ensuring food security through proper land records. Speaker: Peter Adipo - Land Administration Officer, Ministry of Lands, Public Works, Housing & Urban Development
3:30-4:00 pm	Question and Answer Session
4:00 – 5:00 pm	Tea/Coffee Break & Visit to the Sponsor Booths
Day 2: 30th October, 2026	
6:30 - 8:00 am	Surveyors Run
9:00 – 11:00 am	Plenary Session III Session Chair: Blaize Musau , Chair, Coast Branch Rapporteur: Nancy Siror , Secretary, Property Management Chapter
9:00 -9:10 am	Preliminaries: Mr. Peter Kibet Arap Biwott, CEO, ISK
9:10 -9:40 am	Topic: Financing the green transition: bankability, green bonds, climate finance and credible project data Keynote Speaker: Dr. Eldah Onsomu , Executive Director, Kenya Institute for Public Policy Research and Analysis (KIPPRA)
9:40 – 10:00 am	Question and Answer Session

Thursday, 29th October 2026

10:00 – 10:40 am	Topic: Navigating Frontier Markets: Visionary Leadership, Cross-Border Portfolio Strategy, and the Future of African Corporate Real Estate Speaker: Mercy Thuo , the Executive Director, CPF Capital
10:40 – 11:00 am	Question and Answer Session
11:00 -11:30 am	Health Break
11:30 – 1:10 pm	Parallel Break-Out Sessions IV Sub Theme: Geospatial Innovation for Investment and Resilience: Advancing Precision Positioning, Data-Driven Decision-Making & Geohazard Management Moderator: Livingstone Asala , Chair, Land Surveyors Chapter Rapporteur: Simon Ochieng , Secretary, GIS Chapter
11:30 -12:00 pm	Topic: Introduction to PPP-RTK and its differences to classical RTK, Observation Space Representation (OSR) and State Space Representation (SSR) Panel Speakers: 1. Joseph Wangosho - Geomatics Engineer & GIS Specialist 2. Sammy Matara, MISK, LS(K) , Lecturer, University of Nairobi, Remote Pilot License Holder (KCAA)
12:00 - 12:40 pm	Topic: Innovation and Data: Surveying Data and GIS-based decision support for bankable projects Panel Speakers: 1. Prof. Dr.-ing David Siriba , Associate Professor, Dept. of Geospatial Engineering, University of Nairobi 2. Dr. Collins Mwange , Senior Lecturer, Dept. of Geospatial Engineering University of Nairobi
2:20 – 4:00 pm	

Friday, 30th October 2026

12:40 -1:00 pm	Topic: From GIS to System of Engagement (SOE): Surveyors as Catalysts for Sustainable Investment in the Blue, Green and Built Economies through Geohazard and Incident Management System (GIMS) for Geohazard Resilient Africa Speaker: Abiud Nyabunga, Snr. Geomatics & Cartography Officer, Directorate of Geological Survey & Research, State Department for Mining, Ministry of Mining, Blue Economy and Maritime Affairs
1:00 -1:10 pm	Question and Answer Session
11:30 – 1:10 pm	Parallel Break-Out Sessions V Sub Theme: Transforming Valuation Practice: AI, Digital Trust, Asset Provenance and Alignment with International Valuation Standards Moderator: Anthony Maina Wangui, Chair, Editorial & Public Relations Rapporteur: Esther Mwangi, Chair, Estate Agency Chapter
11:30 - 12:00 pm	Topic: AI and trusted digital records for asset, property and material provenance Speaker: Dr. Clifford Okembo, Lecturer, Technical University of Kenya
12:00 - 12:50 pm	Topic: Professional Standards & Global Alignment - Understanding Kenya Valuation Standards and the International Valuation Standards (IVS) Panel Speakers: 1. Mr. Paul Muthaura, Member, Board of Trustees, IVSC 2. Bernadette Gitari, Board Member, Standards Review Board, IVSC
12:50 -1:10 pm	Question and Answer Session

Friday, 30th October 2026

11:30 – 1:10 pm	Parallel Break-Out Sessions VI Sub Theme: Securing Land Tenure in Coastal and Lakefront Areas: Addressing Encroachment, Informal Settlements and Land Access for Blue Economy Investment Moderator: Stephen Matete , Chair, Building Surveyors Chapter Rapporteur: Elizabeth Wekesa , Secretary, LAM Chapter
11:30 - 12:10 pm	Topic: Land Tenure Security in Coastal and Lakefront Areas Focus: Addressing squatter issues, public land encroachment, and allocation of land for Blue Economy projects in Kisumu, Mombasa, and Lamu Speaker: Mr. Edward Bosire , County Coordinator, Taita Taveta County, National Land Commission
12:10 - 12:50 pm 4:10 – 5:00 pm	Topic: Climate-smart land administration, ecosystem restoration and resilient settlement planning Speakers: Dr. Eunice M. Kumunga , Lecturer, Department of Spatial and Environmental Planning, Kenyatta University, Kenya
12:50 -1:10 pm	Question and Answer Session
1.10 - 2.05 pm	Lunch Break
2:05 – 3:40 pm	Plenary Session IV Moderator: Fridah Ngure , Chair, Young Surveyors Rapporteur: Evans Mutinda , Sect., Building Surveyors Chapter
2.10 - 2.40 pm	Topic: Affordable housing as an integrated investment and service-delivery ecosystem Speaker: Mr. Joe Mutungu , CEO, Affordable Housing Board
2.40 - 3.10 pm	Topic: Renewable-energy infrastructure and wayleaves: from site selection to asset operation Speaker: Wycliffe Abiero , Geospatial Manager, REREC

Friday, 30th October 2026

3:10 - 3:40 pm	Topic: The Future-Ready Surveyor: Leadership, Skills and Mindset for a Changing Profession Speaker: Dr. Ekrah Ndungu , Chairperson, Kenya National Association of Private Colleges, Global Conference Speaker, Certified Emotional Intelligence Coach, and Essential Business Skills Facilitator
3:40 - 4:10 pm	Closing Ceremony: Conference Evaluation & Declaration Mr. Ayub Naburi - Chair, Education & Research Committee, ISK Closing Remarks & Vote of Thanks Ms. Nelly Mbugua, OGW – Deputy President, ISK
4:10 – 5:00 pm	Tea/Coffee Break & Departure

KPLC CORS Network

Powering Precision Across Kenya

Your Trusted Partner in High-Precision Geospatial Solutions

Kenya Power's Continuously Operating Reference Station (CORS) network consists of 16 CORS stations strategically located countrywide delivering unmatched precision, reliability, and real-time RTK corrections as well as static GNSS data for surveyors, engineers and GIS professionals.

Duly Published by the Director of Surveys
KPLC CORS is duly published in ARC 1960 Datum and in KENREF IGB08 Epoch2012. TC & ST (1817 & 1888 Arc 1960) 1818 (KENREF).

Extensive Coverage
KPLC CORS is available in all regions across Kenya, providing extensive coverage and making precise positioning available to users everywhere, any time.

Brand Independent
KPLC CORS is fully compatible with all GNSS rover receivers, ensuring seamless integration with your existing equipment.

24.Hour Support
Our dedicated support team is available 24/7 to offer technical support ensuring seamless experience in utilizing our CORS Kenya Power – Empowering Surveying, Energizing Progress.

SPEAKERS' PROFILE

Chief Guest

Bishop Dr. David Oginde - Chairperson of the Ethics and Anti-Corruption Commission (EACC)

Bishop Dr. David Oginde was appointed as the Chairperson of the Ethics and Anti-Corruption Commission (EACC) on 29th April, 2023 and assumed office on the 9th of May, 2023.

He holds a PhD in Organisational Leadership from Regent University USA, a Master of Arts in Leadership from PAC University, and a Bachelor of Architecture from the University of Nairobi. Bishop Oginde is the immediate former Presiding Bishop of Christ Is The Answer Ministries (CITAM), where he led several organisational transformation initiatives placing CITAM as a cutting-edge institution.

He previously served as the University Council Chairman of the Mama Ngina University College (MNUC). He is also the Chairman of the Evangelical Alliance of Kenya (EAK), and the Vice-Chair of the Association of Evangelicals in Africa (AEA).

Dr. Oginde is a renowned and distinguished leader with specialization in leadership and governance. He holds the FCS designation, which stands for Fellow of the Institute of Certified Secretaries of Kenya (ICS). The title is the highest professional membership tier awarded by the Institute to certified corporate governance and secretarial professionals in Kenya who have demonstrated exemplary leadership and professional standing.

He has published several books and written articles in various leadership journals and is the founder of The Catalead Associates, a leadership development firm and runs the popular Leadership Forum on Hope FM.

On 5th June 2024, The Kenya Leadership Integrity Forum (KLIF) unanimously elected Dr. Oginde as its alternate Chairperson during KLIF's National Coordinating Committee

On 12th December 2025, Dr Oginde was awarded Elder of the Order of the Burning Spear (E.B.S.) by H.E President William Ruto during Jamhuri day celebrations for his for distinguished service, leadership, and contributions to national development.

Guest of Honour

Dr. Abdillahi Saggaf Alawy
Chairperson of the National Land Commission (NLC)

Dr. Abdillahi Saggaf Alawy, an accomplished leader, scholar, and development practitioner with extensive experience in land governance, agricultural development, public policy, and international development programmes. Dr. Alawy currently serves as the Chairperson of the National Land Commission (NLC), where he provides leadership in advancing the Commission's constitutional mandate in land governance and administration. He also previously served as the Chairman of the Board of Directors of the Agricultural Development Corporation (ADC), providing strategic leadership in agricultural development, seed systems, livestock production, and sustainable land utilisation in support of Kenya's food security and economic transformation agenda. He has held senior leadership positions in international organisations, including the Centre for Agriculture and Bioscience International in the United Kingdom and Women for Women International in Washington, D.C. His professional experience spans several countries across Africa, Asia, and Europe, with particular expertise in research, monitoring and evaluation, institutional strengthening, and evidence-based policymaking. Academically, Dr. Alawy holds a Ph.D. in Agricultural Education, Research Methods and Programme Evaluation, a Master of Science in Agriculture and International Development, and a Bachelor of Science in Agricultural Economics, all from The Ohio State University in the United States. He also holds a Diploma in Agriculture from Egerton University, Kenya. Dr. Alawy is a distinguished scholar and development expert who has made significant contributions to research and knowledge in land governance, agriculture, food security, development policy, and institutional performance. He has authored and co-authored a good number of publications, demonstrating his commitment to research, evidence-based decision-making, and sustainable development. Ladies and gentlemen, Dr. Abdillahi Saggaf Alawy, Ph.D., Chairperson of the National Land Commission.

Mr. Willie Njoroge
Chief Executive Officer, Kenya Association of Stockbrokers and Investment Banks

Keynote Speaker

Mr. Willie Njoroge is credited with transforming KASIB and positioning it as a strong and vocal body advocating for its members and the industry at large. He has championed initiatives that have guided the development and deepening of Kenya's capital markets including M-Akiba and Ibuka, as well as advocacy and lobbying strategies that have safeguarded the growth of financial markets.

Willie is an accomplished lobbyist and advocacy practitioner whose achievements include spearheading the lobbying initiatives against Capital Tax, Robinhood Tax and Withholding Tax for fixed income securities including Green Bonds.

He is among the founding members of the African Stockbrokers and Securities Dealers Association (ASSDA).

Ewart Salins
Director, Kenya Association of Stockbrokers and Investment Banks (KASIB)

Keynote Speaker

Ewart Salins is a Kenyan capital markets professional with over 25 years of experience spanning actuarial consulting, stockbroking, investment banking and asset management across East Africa.

He began his career with Hymans Robertson (now Zamara) before progressing into senior leadership roles at African Alliance, Kestrel Capital, Dry Associates, Old Mutual and APA Apollo all in Kenya.

He currently serves as a Director of the Kenya Association of Stockbrokers and Investment Banks (KASIB) and previously served on the Executive Council of the Fund Managers' Association (FMA), where he chaired the Alternative Investments Committee.

A passionate advocate for the development and integration of African capital markets, Ewart is particularly interested in mobilising domestic and international capital, strengthening regional investment flows and connecting private capital with public markets to unlock Africa's economic potential.

JIELIMISHE LOAN

for Salaried Students

HELB Jielimishe Loan assists employed students to pay tuition fees while pursuing PhD, Masters, Postgraduate-Diploma, Undergraduate, Higher National Diploma and Professional Courses (e.g. CHRP, CPSP).

Features:

1. Quick loan **processing**
2. Competitive **interest rate of 10%** per year
3. Flexible repayment periods of **12-48 months**
4. Convenient and easy monthly check-off repayments
5. Borrow up to **Kshs.600,000**

Mr. Eric Nyadimo, MISK, LS(K)
President, ISK

Eric Nyadimo is a Licensed Surveyor and a Full Member of the Institution of Surveyors of Kenya (MISK). He is the Managing Director of Oakar Services a Geospatial Consultancy firm working in the Eastern Africa Region. Eric has a MSc degree in Land Management and Land Tenure from the Technische Universität München, Germany and a BSc. Surveying from the University of Nairobi. He currently serves as the President of the Institution of Surveyors of Kenya; Chair of the Lands & Physical Planning Sector Board at KEPSA; and Chair of the Technical Working Group for Geospatial Standards at the Kenya Bureau of Standards (KEBS).

Ms. Nelly Mbugua, OGW, MISK, MRICS, MCIArb
Deputy President, ISK

Nelly is registered Valuer, Property Manager, Estate Agent and a certified NEMA EIA/EIA lead expert.

She is a member of the Institution of Surveyors of Kenya (ISK), the Royal Institution of Chartered Surveyors (RICS), the Environment Institute of Kenya, Chartered Institute of Arbitrators (CIArb), among others.

She is an experienced and results-driven Valuer, Property Manager, an Arbitrator and Estate Agent with a strong background in real estate advisory, property valuation, asset management, environmental audits and agency services. She has handled a diverse portfolio of residential, commercial, industrial, and mixed-use properties, providing professional services in valuation for financial reporting, secured lending, investment analysis, property management, leasing, and real estate transactions

Nelly is the founder and CEO of Citiscape Valuers & Estate Agents Ltd, a real estate consulting firm. She is the Vice President - East Africa Region - Commonwealth Association of Surveying and Land Economy (CASLE) and the outgoing Chairperson of The Estate Agents Registration Board. Nelly holds a Master Degree in Project Management (UK), a Bachelor's degree in Land Economics, and Post Graduate Diploma with ISK.

Mr. Peter Kibet Arap Biwott
CEO, ISK

Mr. Peter Kibet arap Biwott has over 20 years' experience in both public and private sectors in Kenya, Africa and World Over. Mr. Biwott stewarded the opening of Kenya and East Africa office of the Dubai Chamber of Commerce and Industry, became Commissioner General for Kenya pavilion as Chief Executive Officer of Export Promotion Council (EPC) during World Expositions including Astana, Kazakhstan 2017, China International Import Expo, 2018, Intra Africa Trade Fair, 2018, Beijing Horticultural Expo 2019, First China-Africa Economic and Trade Expo 2019, and World Expo Dubai 2020. He also spearheaded the Inaugural Kenya Trade Week in 2018. Through Mr. Biwott's stewardship in the Expositions, Kenya experienced increase in exports and foreign exchange during the time. Mr. Biwott worked also as Managing Director of Eldoret Water where his initiatives saw transformation to the Water Sector in Kenya, in particular policy, fiscal and statutory advocacy,

networking, resource mobilization and reduction of non-revenue water creating the necessary visibility. At the Water Services and Sanitation Providers Association, he stewarded the Advocacy Committee where partnerships were strengthened with various wins in policy, fiscal and legislative advocacy agenda for the association. In his work life, Mr. Biwott has also spearheaded initiatives such as digital transformation, automation of processes, financial management, project inception and management, smart partnerships development, policy development and implementation in Kenya and the region. Mr. Biwott holds an undergraduate degree in Economics from Kenyatta University and a Master of Arts degree in International Development Studies (Economics of Development) from International Institute of Social Studies, The Hague, a constituent college of Erasmus University Rotterdam, The Netherlands. Mr. Biwott has further training including Strategic Leadership Management, Macroeconomics and Public Finance, Strategic Management and leadership, Corporate Governance, Monitoring and Evaluation, Frontiers in Development Policy and Policies for Growth. Currently Mr. Biwott is finalizing his PhD in Environmental Economics at the University of Eldoret.

Dr.-Ing. Nashon Adero
Dean of the School of Mines and Engineering at Taita Taveta University

Dr.-Ing. Nashon Adero is a geospatial and systems-modelling expert, Dean of the School of Mines and Engineering at Taita Taveta University, and a lecturer in mining and engineering surveys, GIS, and sustainability. His interdisciplinary research connects geomatics, system dynamics modelling, mining governance, multicriteria spatial decision support systems, infrastructure development, and natural resource management. He has co-authored and co-edited books and published journal and policy papers on geomatics, sustainable development, governance, and the mining-environment-society nexus. A trained policy analyst and governance thought leader, he has received awards in education and from Freiberg University of Mining and Technology (TUBAF).

He holds a BSc in Surveying from the University of Nairobi, an MSc in Resources Engineering from Karlsruhe Institute of Technology, and a Doctor of Engineering (Dr.-Ing.) in Mining Engineering. His doctoral research produced the Taita Taveta Integrated Mine Planning Model (TIMPM), a system dynamics model recognised as Africa's first scalable, spatially explicit, and sustainability-oriented decision-support model for strategic mine planning at regional, multistakeholder, and multisectoral levels. TIMPM supports policy simulation and strategy design by linking mining with agriculture, water resources, forest management, biodiversity conservation, land use, infrastructure, settlements, and socioeconomic dynamics. He has membership in international professional societies, e.g., the International Society for Mine Surveying and the System Dynamics Society.

Dr. Surveyor Malachi Odongo Atieno
Lecturer at the Technical University of Kenya (TUK)

Dr. Surveyor Malachi Odongo Atieno is a highly accomplished Surveyor and Geospatial Information System Expert with over 15 years of extensive experience in engineering surveying, Land Information Systems (LIS), 3D cadastre, Marine Cadastre, GNSS Static Post processing, RTK using CORS and Bathymetric surveying for HWM modeling using USV.

A dedicated academic and Practitioner, Dr. Malachi currently is serving as a Lecturer at the Technical University of Kenya (TUK) Department of Surveying and Spatial Sciences, teaching units such as Marine Cadastre, 3D Cadasre, Mapping Systems for MSC (Land Administration) and Introduction to Geodesy. He also serves as the Group CEO at eSePa Group of Companies Ltd, where he directs large-scale projects spanning engineering, aerial/drone, and bathymetric surveying, as well as remote sensing and environmental planning.

Previously Dr. Malachi worked at the Regional Centre for Mapping of Resources for Development (RCMRD) as a Land Information Officer and UN-HABITAT (GLTN) as Land Tool Expert, where he spearheaded Fit-For-Purpose LIS processes and pioneered database management tools for informal settlements across Eastern and Southern Africa.

Dr. Malachi holds a PhD in Environmental Planning and Management from Kenyatta University, School of Engineering and Architecture University, alongside a Masters and a Bachelors degree in GIS and Surveying respectively from the University of Nairobi.

Kenneth Mutwiri
Geospatial Engineer and Engineering Surveyor

Kenneth Mutwiri is a Geospatial Engineer and Engineering Surveyor specializing in digital engineering, road infrastructure, and land asset management. He holds a BSc. in Geospatial Engineering from the University of Nairobi and a dual Master's in Global BIM Management in Civil Engineering and GIS from the University of Barcelona and Zigurat Institute of Technology.

He currently consults for Kenya National Highways Authority (KeNHA), Kenya Rural Roads Authority (KeRRA) and OGLE Construction Limited as a Project/Engineering Surveyor, supporting road and bridge projects through engineering surveys, setting out, quality control, and as-built documentation. He previously worked with KeRRA as a Land Surveyor on road

reserve mapping, cadastral surveys, and land asset inventory across multiple counties.

Kenneth's professional interests centre on BIM-GIS integration, digital twins, and smart infrastructure—applying emerging geospatial technologies to improve planning, construction, and asset management across the infrastructure lifecycle. He is a member of the BIM Africa Initiative and a full member (MISK) of the Institution of Surveyors of Kenya.

Mashilo Pitjeng
Director at the Academy of Construction and Real Estate (ACRE)

Mashilo Pitjeng Director at the Academy of Construction and Real Estate (ACRE). Mashilo Pitjeng is the Chief Executive of TseboREAL Asset Management, a division of BLK Asset Solutions, and a Director at the Academy of Construction and Real Estate (ACRE). BLK Asset Solutions provides real estate asset management consulting and risk management advisory services. He serves as a non-executive director at Pareto Limited, Khula Business Properties, Aberbury Europe Holding BV and is an independent director and member of the Property Sector Charter Council. He is also a former council member of the South African Council for the Property Valuers Profession and ex-chair of the Policy and Advocacy Committee at the SAIBPP. Mashilo is a registered professional valuer with extensive industry experience. His previous roles include Head of Valuations at ABSA-Barclays Africa, Asset Management Executive and Acting CEO at the Joburg Property Company, Regional Property Head at MTN South Africa, and Deputy Director for Asset Management at the National Department of Public Works. He is a member of the Institute of Directors Southern Africa since 2008.

Dr. Clifford Okembo
Lecturer at the Technical University of Kenya

Dr. Clifford Okembo is a Lecturer at the Technical University of Kenya. He holds a PhD in Land Administration from the University of Twente in the Netherlands, with focus on Land Administration modeling and systems, MSc GIS degree from the University of Redlands in California USA and an Undergraduate of B.A Geography from Moi University Kenya. Dr. Okembo is also a Director at Clifford Geo-Consult Ltd. He was previously the Chief Executive Officer at Esri Eastern Africa, with more than fifteen years of experience, providing and developing solutions for different Industry sectors based on the ArcGIS platform and other partner solutions. He has experience working in the Eastern Africa region with various organizations on how to modernize operations which bring about efficiency in production and Return on

Investment (RoI) using Geospatial technology. He participates in three Technical Standards Committees at the Kenya Bureau of Standards (KEBS) for GIS, IT systems & AI, and e-Learning. He is also the pioneer and founder of Geospatial Society of Kenya (GeoSK). As part of giving back to the community, Clifford serves in the Boards of Management of various schools in Kenya. Clifford values teamwork, collaboration and partnership in all his engagements with people of all ages, gender, tribe and race. He is a critical thinker and treasures informed decision making in his dealings.

Surv. Wycliffe Abiero LS (K), ACI Arb
Manager, Geospatial at the Rural Electrification and Renewable Energy Corporation (RREC)

Surv. Wycliffe Abiero, LS(K), ACI Arb, is a Licensed Surveyor and public infrastructure executive with over 19 years of experience in geospatial engineering, infrastructure planning, land management, and renewable energy development. He currently serves as Manager, Geospatial at the Rural Electrification and Renewable Energy Corporation (RREC), where he provides strategic leadership in geospatial planning, powerline survey, cartography & GIS, land management, and wayleave acquisition functions supporting Kenya's national electrification and energy-access initiatives.

Throughout his career, Wycliffe has held senior leadership positions in both the public and private sectors, successfully leading transformative geospatial, infrastructure, and land development projects across Eastern Africa. His expertise spans geospatial planning, infrastructure development, stakeholder engagement, governance, land administration, project management and institutional transformation.

Wycliffe holds a Master of Business Administration (MBA) in Strategic Management and is currently pursuing a PhD in Leadership and Governance. His professional approach combines technical excellence, strategic leadership, and a strong commitment to sustainable infrastructure development and public service delivery.

He is a member of the Institution of Surveyors of Kenya (MISK), the Association of Project Managers (MAPM), and the Chartered Institute of Arbitrators (ACI Arb), reflecting his multidisciplinary expertise in geospatial engineering, project management, and dispute resolution.

As a speaker and thought leader, Wycliffe's areas of interest include geospatial innovation, infrastructure planning and development, renewable energy, land administration, digital spatial transformation, governance, and public-sector leadership

Dr. Okeyo Maurice Paul
Manager, Monitoring and Evaluation, KenGen

Dr. Okeyo Maurice Paul is a Construction Projects Management professional with 25 years of experience in infrastructure project management in Africa and Asia as a Contracts Engineer, Delay and Quantum Analyst, Construction Claims and Dispute Resolution Specialist and Projects Monitoring and Evaluation Expert.

A researcher in construction projects contracts & disputes with over 10 peer-reviewed publications in refereed academic and professional international journals. Expert Specialist in FIDIC forms of Construction Contracts and infrastructure projects monitoring and evaluation.

A corporate leader with strong interpersonal skills to build relationship and business, conceptual and analytical skills to diagnose problems and design solutions for business continuity, communication skills to clearly deliver information content to stakeholders, negotiation skills to win confidence and to resolve business conflicts, and strategic thinking to foster innovations for future sustainability of business.

Mr. Edward Maoncha Bosire
Land Administration and Management Expert

Mr. Edward Maoncha Bosire is a Land Administration and Management expert with 20 years experience. He previously worked with the ministry of Lands as a Land Administration Officer.

He is a holder of a Bachelor of Arts degree in Economics from the university of Nairobi, a masters degree in Economics from Kenyatta University and is currently pursuing a PhD degree in Natural Resource management in Taita Taveta University. He is a full member (MISK) of ISK. He is a certified Mediator and Judiciary accredited mediator. He is a deputy Director in the National Land Commission serving as the County Coordinator in charge of Taita Taveta County.

Dr. Eunice Kumunga
Lecturer at Kenyatta University

Dr. Eunice Kumunga is a Lecturer at Kenyatta University. She has a combined experience with over twenty-five years in academia, government, consultancy and professional practice as a Registered Physical and Land Use Planner, Environmental and Land Governance Specialist, Surveyor, and a Certified Professional Mediator and a Court Accredited Mediator. She holds a PhD in Environmental Management and Governance, an MA in Urban and Regional Planning, and a BSc in Surveying from the University of Nairobi alongside other relevant supporting courses. She has earlier served as a County Executive Committee Member, Principal Physical Planner and is now also engaged in private practice. Her main area of interest is research in interdisciplinary integration for sustainable development

Prof. Dr.-Ing. David Siriba
Associate Professor, University of Nairobi

Prof. David Siriba is a Licensed Land Surveyor and Lecturer with extensive experience in geospatial information, spatial data infrastructure, cadastral systems and spatial decision support in Kenya and Africa. His work bridges geospatial science, engineering and development with particular expertise in the integration, modelling and management of spatial data for land governance, infrastructure, environmental management and public-sector decision-making. His research contributions include National Spatial Data Infrastructure, land administration modelling, volunteered geographic information (VGI), cadastral data quality and geospatial modelling. He has also contributed to applications of GIS and crowdsourced geospatial data for climate adaptation, agriculture, urban environmental management and resource planning. He is currently Chairing WG2 of the Commission 3 (Spatial Information Management) of the International Federation of Surveyors (FIG). His expertise provides a strong foundation for applying geospatial intelligence, Earth observation and emerging AI-enabled analytics to complex development and operational challenges.

Paul Datche

Land Surveying Consultant, State Department for Housing and Urban Development

Paul Datche is an expert Land Surveying Consultant at the State Department for Housing and Urban Development. He plays a strategic role in advancing Kenya's urban development agenda by supporting national infrastructure and housing initiatives through his expertise in land administration and spatial planning.

A specialist in the geospatial industry, Paul focuses on cadastral surveying, land titling, and the regularization of informal settlements. His technical leadership ensures precision and legal compliance for large-scale public housing projects. By bridging the gap between surveying standards and policy implementation, Paul contributes significantly to sustainable urban growth and the enhancement of land tenure security across the country.

Mr. Brian Babu

Registered Architect and Licensed UAV Pilot

Brian Babu is a registered architect and licensed UAV pilot with over a decade of experience delivering master planning projects across East Africa. His work explores how emerging technologies can enhance the way we plan, design, and manage the built environment. Through the use of LiDAR mapping, photogrammetry, and laser scanning, Brian captures detailed spatial data that supports accurate digital modelling and the development of Digital Twins. He is particularly focused on how architects and engineers can integrate GIS and BIM tools to make design and construction more data-driven, sustainable, and efficient.

Ruth Okal, MISK
Assistant General Manager, ILAM Fahari I-REIT, ICEA Lion

Ruth is a seasoned real estate investment professional with over two decades of experience in advisory valuation and asset management sectors. Ruth has consistently demonstrated exceptional leadership in portfolio construction, asset allocation, and management of high-value property assets across East Africa. Currently serving as the Assistant General Manager of ILAM Fahari I-REIT at ICEA LION Asset Management Ltd (ILAM), Ruth has been at the forefront of pioneering initiatives within the region's real estate market, such as the transformation of East Africa's first listed Income Real Estate Investment Trust (I-REIT) and the groundbreaking restructuring of the REIT into a restricted structure, a first in East Africa.

She previously worked at STANLIB Kenya Limited and Knight Frank Kenya Limited. She is a Gazetted inaugural member of the Land Acquisition Tribunal, prior to which she was a Board Member and Vice Chairperson of the Valuers Registration Board (VRB), for six years till 2024. She also serves as Chairperson of the Policy, Research & Publications and Conference Programs and speakers Committees of the REIT Association of Kenya (RAK) and long-standing examiner at the Institution of Surveyors of Kenya (ISK). She also served in the Local Organizing Committee (LOC) for the ISK's regional conference for many years till 2023. Known for her integrity, visionary leadership, and results-driven approach, she brings a wealth of expertise in property management, asset management, deal origination & execution, regulatory compliance, and stakeholder management. With a passion for shaping policy and advocating for industry advancement, Ruth is a strategic leader committed to fostering growth and innovation in real estate investment, has mentored many young professionals and spoken at many regional conferences. Ruth holds a Masters in Valuation, Property Management from the University of Nairobi, a Bachelor's degree in Land Economics from the University of Nairobi, Diploma in Valuation & Property Management, Chartered Institute of Securities (CISI) level 2, Certified Financial Analyst – Level 3 on-going, a Certified Professional Coach among other certifications.

Abiud Nyabunga
Senior Geomatics and Cartography Officer, Ministry of Mining

Mr. Abiud Nyabunga is currently working in a multidisciplinary team at the Directorate of Geological Survey and Geoinformation Management as part of BETA digital transformation initiative team. Has 30 years' geospatial technologist experience, 20 of which in Public Service (10 years at Directorate of Mines implementing Mining Cadastre system, 10 years various mineral exploration projects) and first 10 years in Private Land Survey firm

**Ms. Bernadette Gitari MBSFRICS, MCI Arb, MISK, RV and
REA- Chartered Valuation Surveyor –Consultant
Board Member, Standards Review Board of International Valuation Standards Council**

Bernadette is a Chartered Valuation Surveyor. She holds a BA Land Economics and MA Valuation and Property Management from the University of Nairobi and a Diploma from the College of Estate Management UK. She is also an RICS Accredited Mediator and a member of the Chartered Institute of Arbitrators.

With over 40 years' experience in the Land and Built environment in Sub-Saharan Africa, Bernadette has wide experience and valuation of both Tangible and Intangible assets. In the last 10 years, Bernadette has been involved in high-level valuation of investments in the Wildlife Conservation field.

Bernadette has held key roles in the built environment including Chairperson of a Taskforce Committee that developed the valuation standards in Kenya, a board member of the Valuer Registration Board, Chairperson of the Kenya Group of RICS from 2009 to 2015 and General Manager and Director of Knight Frank Valuers Ltd Kenya from 2006 to 2019. From 2019 to 2023, Bernadette served as the RICS Partner Development and Public Affairs Manager in Sub-Saharan Africa and from July 2023 to 2026 she has been a member of the Tax Appeals Tribunal.

In 2024 Bernadette was appointed as a Board Member of RICS World Regional Board representing Middle East and Africa Region. In 2025 Bernadette joined the Standards Review Board of International Valuation Standards Council (IVSC) as a board member.

Over the years Bernadette has been involved in charity work in Kenya and has been a board member of various charitable organisations which include Barnardos Children Home and Jonathan Gloag Academy, Mukuru Promotion Centre and the development of Mukuru Kafoka StudyVille Hostels and Commonwealth Housing Trust and Group among other projects.

**Joseph Njoroge Wangosho
Geomatics Engineer & GIS Specialist**

Joseph Njoroge Wangosho is a Kenyan GNSS technician with more than twenty years of hands-on work, from field instruments to real-time precise positioning systems. Joseph trained in surveying (BSc, 2001) and began in the field on power-line route surveys and setting-out jobs. The tools then were a trusty Leica 1010 total station, profile rolls, manual cable-sag calculations and a steady stream of A1 plan sheets.

Sammy Mwangi Matara, MISK, LS(K)
Tutorial Fellow, University of Nairobi.

Sammy Mwangi Matara is a Licensed Land Surveyor and a Full Member of the Institution of Surveyors of Kenya (MISK, LS(K)). He currently serves as a Tutorial Fellow at the University of Nairobi, where he is also pursuing a PhD in Geospatial Engineering. His academic background includes a Master's in Navigation and Related Applications from Politecnico di Torino and a B.Sc. in Geospatial Engineering from the University of Nairobi.

With over 15 years of professional experience, Sammy has expertise in cadastral surveying, geodesy, GIS, and topographic mapping across East Africa. An internationally recognized geodetic expert and published researcher, he has executed major projects in Kenya, Uganda, Rwanda, and South Sudan. His work bridges the gap between high-level academic research and practical engineering surveys.

Dr. Collins Mwange
Lecturer, University of Nairobi

Dr. Collins Mwange is a full member of the Institution of Surveyors of Kenya (ISK) and a licensed land surveyor. He has over 25 years of professional experience in land surveying, geospatial engineering, Geographic Information Systems (GIS), earth observation, geospatial data management, and information technology.

Dr. Mwange is a Lecturer in the Department of Geospatial and Space Technology at the University of Nairobi and has led numerous national and international consultancy projects in geospatial engineering. He serves as a member of the Kenya Bureau of Standards Technical Committee 168 (Geographic Information/Geomatics), which focuses on standardization in digital geographic information. He has published extensively in the field of geospatial engineering and currently chairs the Finance and Audit Committee of the Institution of Surveyors of Kenya. His mission is to bridge academia, research and innovation, and the geospatial industry.

Mr. Joe Mutugu
Chief Executive Officer of the Affordable Housing Board

Joe Mutugu is the Chief Executive Officer of the Affordable Housing Board, where he leads the institution's strategic and operational agenda to expand access to decent, dignified and affordable housing. His responsibilities span a national portfolio of more than 200,000 housing units under development, alongside tens of thousands of institutional and student housing units and several markets across Kenya.

Joe has extensive public and private sector experience in infrastructure development, real estate, investment mobilisation and institutional transformation. Before joining the Board, Mr Mutugu served in the Executive Office of the President, helping coordinate and drive the implementation of national priority programmes. He previously held senior leadership positions in the

Ministry of Transport, Infrastructure, Housing, Urban Development and Public Works, Old Mutual, NIC Bank (now NCBA), ABSA and Acorn Group.

His career spans leading complex organisations, structuring innovative financing solutions, implementing major reforms and delivering large-scale programmes. He has worked with governments, development finance institutions, investors and private sector partners across Africa, Europe, Asia and North America. At the Board, his priorities include strengthening institutional capacity, mobilising sustainable financing, accelerating the sale and occupation of homes, and improving service delivery to turn the promise of affordable home ownership into reality.

Mr Mutugu holds a Master of Business Administration from Harvard Business School, a Master of Science in Financial Economics from the University of Oxford, and a Bachelor of Commerce degree from the University of Nairobi. He is also a Certified Public Accountant and a member of ICPAK.

Dr Eldah Onsomu
Executive Director of the Kenya Institute for Public Policy Research and Analysis
(KIPPRA)

Dr Eldah Onsomu is the Executive Director of the Kenya Institute for Public Policy Research and Analysis (KIPPRA) and serves as the Secretary to the Board. She provides technical guidance and capacity building on policy and strategy formulation to the Government of Kenya and other stakeholders, with the overall aim of contributing to the achievement of national development goals.

Before then, she was the Director, Economic Management at KIPPRA. Dr Onsomu's research interests are in education, labour markets, health, poverty, public finance management and socio-economic policy analysis. She has published in various peer reviewed journals, book chapters and in policy analysis series in these thematic areas.

She holds a PhD and a Masters Degree in Economics from the University of Nairobi and a Bachelors Degree in Economics and Sociology from Egerton University, Kenya.

Dr Ekrah Ndungu
National Chairperson of Kenya National Association of Private Colleges (KENAPCO)

Dr Ekrah Ndungu is the National Chairperson of Kenya National Association of Private Colleges (KENAPCO) and also the CEO of the German Institute of Professional Studies, based in Nairobi, Kenya. She is also a career practitioner & an inspirational speaker.

Dr Ekrah is a certified Emotional Intelligence Coach with Transformational Leadership Academy having trained around 700 hours on Emotional Intelligence the last 7 years and is a certified Life Coach with New Skills Academy USA, besides being a careers, confidence, and women empowerment Coach.

She is also a founder board member of Career guidance Institute, Founder Director of CEO Forum Kenya (an Association of Christian CEOs in Kenya).

In 2021, Dr Ekrah served as the Kenya Vice Chairperson of Global business roundtable and East Africa commissioner Chair & a supreme council of Africa member with the world Diplomatic federation. Dr Ekrah has a doctor of philosophy in Education Leadership, Transformational Leadership Executive MBA, Bachelor's Degree in Entrepreneurship, Post Graduate Diploma in Business Management and a Diploma in

Ms. Agatha Wanyonyi
Deputy Director Land Administration in the State Department for Lands and Physical Planning (SDLPP)

Agatha Wanyonyi is a Deputy Director Land Administration in the State Department for Lands and Physical Planning (SDLPP). She is the land administration lead for KISIP in the SDLPP and Head of Technical for the component on 'Land administration reforms to accelerate affordable housing' for the Housing Finance Land and Sustainable Investment Project among other land administration roles. She also has international experience in land administration having worked with UN Habitat under the Global Land Tools Network on land governance, pro-poor and inclusive land tools and land administration in post-conflict contexts in various countries.

Mr. Anthony Mbithi, MISK, R.V. EDGE Expert
Executive Director, Laser Property Services

Antony Mutisya is a Registered Valuer, Registered Estate Agent, and EDGE Expert. Antony is the Executive Director of Laser Property Services, one of Kenya's integrated real estate firms. LASER covers the full property lifecycle, from valuation and development management to property management, agency and diaspora investment. Since taking the helm in 2023, he has led LASER's transformation towards a high-performance, customer-focused organization. LASER is currently the technical advisor to the affordable housing board, real estate investments advisor to several pension schemes, and the property manager for LAPTRUST Imara I-REIT. Beyond the boardroom, Antony is an investor across real estate and capital markets, and a practicing permaculture farmer in Makueni. That gives him a ground-level view of sustainability.

KENYA URBAN ROADS AUTHORITY

Transforming Urban Mobility

SUSTAINABLE
DEVELOPMENT

FROM FIELD DATA TO DEVELOPMENT SOLUTIONS

ADVANCED GEOSPATIAL TECHNOLOGY FOR SMARTER, MORE RESILIENT COMMUNITIES

**ACCURACY TODAY
A MORE RESILIENT TOMORROW**

WHO WE ARE

Established in 2002, GEODEV (K) LTD is a multidisciplinary consultancy providing integrated surveying, geospatial, planning, environmental, engineering, architectural and advisory services. We deliver reliable data, practical solutions and professional expertise that support informed decisions on land, infrastructure and sustainable development.

OUR MISSION

To be a global leader in provision of quality services in ICT, Engineering, Geomatics, Physical Planning & Environmental Consultancy.

OUR VISION

To provide the highest quality of consultancy services in the most timely and economical way globally, while observing highest professional standards.

20+ YEARS OF EXCELLENCE SINCE 2002

OUR AREAS OF EXPERTISE

LAND & ENGINEERING SURVEYING

- Cadastral and boundary surveys
- Engineering surveys
- Topographic surveys
- Hydrographic surveys
- Construction and setting-out surveys
- Route and infrastructure surveys
- Geodetic control establishment
- Land subdivision, amalgamation and consolidation

GEOSPATIAL INFORMATION SYSTEMS (GIS) & REMOTE SENSING

- GIS database development and management, spatial data collection and analysis, thematic mapping, digital cartography and map production
- Spatial data analysis and modelling
- Utility and infrastructure mapping
- Geospatial data management

URBAN AND REGIONAL PLANNING

- County and regional spatial planning
- Urban development plans
- Local physical and land-use development plans
- Zoning and development control
- Settlement planning and upgrading
- Infrastructure planning and policy advisory
- Planning studies and feasibility assessments

ENVIRONMENTAL & SOCIAL MANAGEMENT

- Environmental Impact Assessments (EIA)
- Environmental Audits (EA)
- Strategic Environmental Assessments (SEA)
- Environmental and social assessments
- Environmental management plans
- Social impact assessments
- Stakeholder engagement
- Environmental monitoring and compliance support

ARCHITECTURAL SERVICES

- Architectural design
- Building design and space planning
- Detailed architectural drawings
- Technical documentation
- Interior and landscape design
- Sustainable and green building design
- Construction supervision
- Integration with engineering and planning

ENGINEERING CONSULTANCY

- Civil engineering consultancy
- Infrastructure design
- Building and utility design
- Structural and geotechnical support
- Technical documentation
- Construction supervision
- Contract administration and technical support

DRONE MAPPING

- Aerial data capture
- High-resolution mapping
- 3D terrain and site modelling
- Orthophotos and digital surface models
- Infrastructure and asset mapping
- Monitoring and surveillance
- Integration with GIS and design workflows

INFORMATION TECHNOLOGY SOLUTIONS

- Geospatial software solutions
- Data management systems
- Web-based GIS and mapping platforms
- Custom application development
- Database design and administration
- IT infrastructure support
- Geospatial data portals and dashboards

TRANSACTION ADVISORY SERVICES

- Project feasibility studies
- Technical due diligence
- Project structuring
- Investment and development advisory
- Project financing support
- Infrastructure transaction advisory
- Technical and spatial analysis

RESEARCH & PUBLIC POLICY

- Policy research and analysis
- Socio-economic studies
- Land and development research
- Public policy advisory
- Evidence-based decision support
- Capacity building and training
- Knowledge management

LET'S BUILD PROFESSIONAL PARTNERSHIPS

Are you a surveyor, engineer, planner, valuer, developer or institutional partner seeking dependable multidisciplinary expertise? Connect with GEODEV (K) LTD to explore collaboration and develop practical solutions for land, infrastructure and the built environment.
